MONEE BANK IS HELD UP

REQUEST THAT BIG JUDGMENT BE DISMISSED

CLAIM HUNTER'S FEE FOR
BANK ACTION TOTALLED
\$11,502

FALSE STATEMENT?

Principal Case In Court Today;
Jury Is Excused Until
Monday, 10 A. M.

Attorney L. N. Legrie in present-
ing the demand of seven former di-
rectors of the defunct American
Bank and Savings bank for the
withdrawal of the \$123,000 judg-
ment, filed Nov. 27 against them,
charged that W. R. Hunter, presi-
dent of the bank, has charged the
institution \$11,502 attorney fees for
his work in obtaining this judg-
ment.

The hearing on the petition to
withdraw the judgment was started
at 10 o'clock this morning before
Judge A. W. DeSelm in circuit
court. The seven former directors
were represented by Attorney L. N.
Legrie. Mr. Hunter appeared in
person, and was assisted by At-
torney Charles W. Kurtz. The
bankrupt estate of Philip Lam-
bert, who was forced into bank-
ruptcy by the judgment, is repre-
sented by the judgment. The hear-
ing was scheduled to conclude late
this afternoon.

Surrendered Stock
Legrie also stated that P. E. Le-
grie and P. E. Somers had turned
over 300 shares of their bank stock
to Hunter and W. W. W. W.
Legrie upon the premise of the
judgment. The judgment was
issued in December, 1928.
Instead of withdrawing the judg-
ment, the plaintiffs aver that Hun-
ter took their stock and borrowed
\$21,000 more at the City National
bank and that Hunter issued a pub-
lic statement that the case had
been satisfactorily settled.

The seven men affected by the
judgment claim that the present
bank directors charged excessive in-
terest rates on notes which they
were compelled to give to secure
their stock holdings. They also
claim that the board never author-
ized Hunter to act in the manner
in which he did. They also claim
that they the signers are not li-
able on these accommodation notes
upon which judgment was rendered.
Hunter, in rebuttal, contradicted
the allegations in the plaintiffs'
affidavit and upheld the legality of
the judgment proceeding.

Excuses Jury
Last evening Judge DeSelm ex-
cused the jury in the case of the
State of B. J. McGinn vs. Mrs.
Christina Himmelfarb and ordered
them to report at 10 o'clock Mon-
day morning at which time argu-
ments in the matter will be pre-
sented. Testimony in the action
was concluded by both sides last
evening.

The petition of Mrs. Christina
Conn for an increase in alimony
from Henry Conn was continued to-
day until May 1st, and in the in-
tervening time Conn must pay five
dollars more alimony toward cloth-
ing his three children in the wife's
custody. Conn was represented by
Attorney Anker C. Jensen.

Arraigned Today
At 4 o'clock this afternoon was
scheduled the arraignment of the
following defendants indicted by the
grand jury on criminal charges:
Lawrence Branigan, murder; George
Guerin, rape; Amos Cross and
Marcel Denis, robbery.

A motion was filed this morning
for separate trials for Mrs. Cecelia
Perno, Victor Perton and Philip
Devanti, jointly indicted for extor-
sion. A ruling on the motion will
be announced later.

WINTER TEST FLIERS ON SECOND DAY'S TRIP

Duluth, Minn., Jan. 11—(P)—De-
layed by one frozen motor, the eigh-
teen army snowbirds on the winter
test flight to the Pacific Coast, fin-
ally took the air at 8:53 a. m. To-
day on the second day's journey to
Grand Forks, N. D., the noon day
stopping point. Maj. Ralph Royce,
flight commander, was the first to
take the air. He circled above the
bay as the other planes, in flights
of three, took the air and joined in
the flight formation. Four other
planes which failed to arrive here
with the flight yesterday, did not
arrive before today's takeoff.

Max Boudreau who underwent an
operation last Monday at St. Mary's
hospital is getting along nicely.

SPEAKER AT ROTARY HAS GREAT STORY

CAPTAIN STATE, CANADIAN
ADVENTURER, TO GIVE
TRAVELOGUE

ON NEXT THURSDAY

To Show Pictures Of Beautiful
Mountainous Regions Of
Canadian Wilds

In the fall of 1899, the long dis-
pute between Great Britain and the
South African Republics culminated
in war. In the ensuing two and a
half years before peace was re-es-
tablished, a great many interesting
chapters had been written in the
career of Captain J. Milton State,
traveler, lecturer and soldier, who
is to address the Kankakee Rotary
club on next Thursday noon, Janu-
ary 16, in the Kankakee hotel.

Born in the beautiful city of
Brookville, Ontario, overlooking the
mighty St. Lawrence river, Captain
State is a Canadian of native born
Canadian parentage. Early in life he
was brought to New York City. His
father, Charles State, well-known in
art circles of America as a cele-
brated artist on the staff of the
Century Magazine for many years.
In a recent book by R. H. David of
the New York Sun, there will be
found one of these inimitable articles
dealing with the record and achieve-
ments of this great artist, and his
son who is lecturing here today.

Career of Adventure
It was in 1898 that Captain State
began his career of adventure and
military service. His life and soldier-
ing carried him into many of the
distant parts of the world. He has
always regretted his rejection for
service in the Philippines, a dis-
appointment that he soon forgot
when sailing direct from New York
for Cape Colony. During the years
that followed we catch glimpses of
him as a mounted infantryman on
the South African veldt with the
Cape forces in the Great Boer War,
and later with the Imperial Army
in Africa, and afterwards in India,
Australia, and the far East.

In the Great War Captain State
served in various capacities the gov-
ernments of Great Britain, Canada,
and the United States and was
loaned in 1918 by his country to the
United States Shipping Board.
Thenceforth he spoke at the largest
meetings in the United States under
the highest auspices, until the sign-
ing of the Armistice.

Citizens of Kankakee who are lov-
ers of outdoor life are cordially in-
vited by the Rotary club to attend
their meeting to hear Captain State
as it is very seldom that such a
splendid opportunity is presented to
see illustrated in pictures the beau-
ties of the mountainous Canadian
Regions, and described by one who
has spent many years of his life there.

PAINT MAKING IS OPENED AT LOCAL PLANT

\$50,000 HAS BEEN SPENT IN
REMODELING AND MA-
CHINERY

PAYROLL ENLARGED

Brought To Kankakee In August
Through The Efforts Of
Chamber Of Commerce

The local plant of the American
Asphalt Paint Company, opened in
Kankakee last August through the
efforts of the Kankakee Chamber
of Commerce, and since operated as
a warehouse, will begin actual man-
ufacturing within the next ten days,
according to E. C. Haag, plant su-
perintendent.

Approximately 25 to 25 men will
be added to the payroll within the
next several months. Between \$50,-
000 and \$55,000 has already been ex-
pended in remodeling the building
and for machinery and equipment.
During the time the plant was used
as a warehouse, 8 men have been
kept on the payroll and 14 to 15
carloads of paint have been kept on
hand. The Kankakee plant will be
known as the Midwest branch of
the company.

1929 Plans Outlined
On December 10th the American
Asphalt Paint Co. passed its 16th
birthday. This 16 years of steady
growth resulted in the company
establishing a new plant here last
August. The Price & Teeple plant
located on North Greenwood and
Fair streets was purchased and
since that time this plant has been
"a beehive of industry." The ac-
tivity going on inside the plant will
convince anyone, even the most
skeptical, that if there are any signs
of a business recession in 1930 the
American Asphalt Paint Co. does
not know about it. The installation
of new paint making machinery, all
special built, is rapidly being com-
pleted. The large storage tanks are
already in place, boilers, engines,
and factory equipment have all been
thoroughly overhauled and tested.
Raw materials including Gilsolite
Asphalt, shipped in from Utah and
Asbestos, mined in Canada, have
already arrived.

The consistent growth that the
company has enjoyed since its or-
ganization, 16 years ago, is one of
success, built on a foundation of a
good product, well advertised and
intelligently sold. In these 16 years,
millions of gallons of Valdurra and
companion products have been man-
ufactured and sold and their prod-
ucts have achieved international
reputation. In all quarters, only the
most favorable comment is heard
about Valdurra. The Company and
its policies. Even their competitors
acknowledge their leadership.

1929 Most Successful Year
The year of 1929 was a very suc-
cessful one being by far the largest
year in the company's history. Each
month registered substantial in-
creases over the corresponding
month in 1928. The big month was
August also the largest month of
the entire Company's history. This
was the month in which the
Kankakee plant was purchased.

Distribution World-Wide
The company also made excep-
tional progress in increasing the
outlet of their products both here
and abroad. The company's products
are now exported to practically all
foreign countries. In Japan alone,
their 1929 business was three times
greater than 1928. When a buyer
in a far away country, like Japan,
sends clear across the earth to buy
Valdurra, it must be good.

The Company's representatives
regularly visit the European and
Asiatic countries. The same is true
of the West Indies and the South
American countries. Among the more
important foreign points where they
have active distributors and stock
are London, Hamburg, Tokyo, Cop-
penhagen, Hongkong, Shanghai, Singa-
pore, Melbourne, Manila, Havana and
Jamaica.

With active manufacture in the
Kankakee plant, beginning next
week, the company plans on in-
creasing the scope of both their
foreign and domestic business. The
Kankakee plant will greatly increase
their manufacturing facilities and
enable them to make greater strides
during the next few years. The local
plant with three and one half
acres of land, three railroad ad-
juncts, 100,000 feet of floor space,
sprinkler system, etc. is the ideal
layout for economical manufacture.
The location also gives them the
benefit of low freight rates to all
points served by this plant.

KANKAKEE WIRED MANY GREETINGS DURING HOLIDAYS

Kankakee, Illinois, shattered all
previous records in volume of Merry
Christmas and Happy New Year
telegrams and cablegrams, indicating
that the city enjoyed the greatest
celebration in its history and that
a state of local prosperity exists
which tends to belie rumors of re-
stricted spending.

Not only were previous high re-
cords equalled but citizens of Kan-
kakee and their friends piled up an
impressive total in addition. This
total shows an increase of 366 per-
cent over the record established by
the Christmas and holiday season
of 1928. It was revealed today by
N. M. Barnett, manager of the local
Western Union office.

The holidays witnessed the great-
est pouring forth of the spirit of
Christmas, as evidenced by greetings
to friends and loved ones. In the
history of the nation. More than
2,000,000 telegrams and cablegrams
of this nature were handled over
the great network of Western Union.

EXCHANGE OF WARRANTS IN FLAT FRACAS

CHARLES MILLING IS FINED
\$10 FOR DISORDERLY
CONDUCT

MAKES RETALIATION

Salesman Arrested On Charges
Of Writing Fraudulent
Checks In Ohio

It appears that the lives of Charles
Milling and the family of Charles
Metz, occupying separate flats at 408
South Washington avenue, have not
been altogether harmonious in re-
lation to each other. Accordingly,
there has been an exchange of war-
rants between the two parties, but to
date Mr. Milling has been the only
one to suffer the consequences.
Mr. Milling appeared in Judge Bert
L. Fitzgerald's court last evening
in answer to a charge of disorderly
conduct made by Mr. Metz, who,
with his wife and daughter, ap-
peared against him. All three charged
that Milling had cursed them and
made threats of bodily harm. Mrs.
Metz stated that this was the second
time she had appeared against Mil-
ling on the same charge, saying that
the first time Milling had threatened
to throw a milk bottle at her.

Issues Warrant
Milling was found guilty of disor-
derly conduct and was fined \$10.00
and costs. Being unable to pay, he
was ordered to jail. This morning,
after spending the night in a cell at
headquarters, he issued a warrant
against the Metz's, charging them
with the sale and possession of li-
quor. Armed with the warrant, of-
ficers searched the Metz home, but
were unable to find booze.

Milling was arrested last night by
Officers Inming and Endres.
Charged in a warrant with writing
fraudulent checks at New Philadel-
phia, Ohio, E. V. Menier, 666 South
Chicago avenue, was arrested last
night by Officers Inming and En-
dres. According to police, this is the
second complaint against Menier,
the first having been a charge of "jump-
ing" a board bill. It is said that
Menier has waived extradition and
that officers are coming to take him
to Ohio.

Menier gave his age as 56 and said
that he was a salesman.
Tom Jones, 248 Duane boulevard,
was arrested yesterday afternoon by
Officer Gene Lafontaine on a
charge of running through the stop
signal at Court street and Schuyler
avenue. He was fined \$5.00 and
costs by Judge Fitzgerald.

Charles Smith, who has been
sought for by his family at Chepe-
Mo, since the serious illness of his
father, has been located through a
notice published in yesterday's Daily
Republican. He was found living at
the Harwood home, 790 West Charles
street.

PILOT BURNED TO DEATH AS PLANE CRASHES

Sidney, Neb., Jan. 11—(P)—Fog
and snow won a grim contest with
Charles "Chuck" Kenwood, 26, air
mail pilot who was burned to death
last night when he attempted an
emergency landing near here.
His plane crashed on the farm of
Ben Couch after he had evi-
dently used up all of his fuel
without finding a suitable landing
place. The plane tank exploded
enveloping the machine in flames.
Kenwood was dragged from the
cockpit by Couch and a neighbor
but died within a few minutes.
The plane and most of the mail
were destroyed. A number of checks
was found scattered from the pos-
sible.

CHICAGO COUNCIL WRANGLES MOST OF NIGHT ON BUDGET

Chicago, Jan. 11—(P)—Forty-six
hoarse and weary aldermen stum-
bled to bed at 3:40 o'clock this
morning after 15 continuous hours
of bedlam over Chicago's 1930 bud-
get.

Fruits of their labor, emerging
out of an atmosphere charged with
hostility between administration and
anti-administration forces, consisted
of a 1.8 per cent cut from those
items in the budget which had not
been vetoed by Mayor William Hale
Thompson—plus an opinion from
the corporation counsel that the
work they did, if any, was illegal.

The struggle indicated that when
the council meets again Monday—
with 29 votes certain for the finance
committee's program of not appro-
priating more than the estimated
revenue—the budget vetoed by the
Mayor will be repealed.

BLIMP HITS MOUNTAIN AND IS BADLY WRECKED

Akron, O., Jan. 11—(P)—Good-
year's blimp, Puritan was almost
completely wrecked early today when
it ran into a mountain 10 miles east
of Campton, Ky. Officials here an-
nounced. Neither V. L. Smith, pilot,
nor A. C. O'Neil, navigator was in-
jured.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Homer Smith of

JUDGE GRANTS AUTHORITY TO EXAMINE BOX

SAFETY DEPOSIT BOX OF A. R.
WILLIAMS WILL BE
FORCED OPEN

SEEK MISSING FUNDS

Money Believed To Be Stolen
From New York Bank
Brought To Kankakee

In one of the most unique hear-
ings ever conducted in the circuit
court of Kankakee, Judge A. W.
DeSelm last evening granted the pe-
tition of the Royal Indemnity com-
pany of New York permission to
unlock the safety deposit box rented
at the City National bank by A.
R. Williams in an effort to deter-
mine whether or not Williams is ac-
tually William Albert Seaman, 24,
missing New York bank teller.

The court granted the petition
upon the default of Williams, or
Seaman, to appear to contest the
proceedings after they had been ad-
vertised according to law in the
newspapers. The bank officials and
Detective William Cantlin planned
to open the deposit box after bank-
ing hours today. A report on the
contents of the box will be made to
the court on Monday.

Sufficient Proof
Judge DeSelm was convinced by
the testimony of four local witness-
es that the demand of the indem-
nity concern, which had been Seaman's
bondsmen while he was em-
ployed as a teller in the New York
Trust bank, was sufficiently sub-
stantiated to connect the man who
spent a month in Kankakee with
the missing bank employee.

Benjamin Gower, attorney for the
company, gave a formal descrip-
tion of the history of Seaman's dis-
appearance with \$31,800 in currency
from the New York bank and of
the suspect registering at the Hotel
Kankakee two days later as Will-
iams.

B. E. Coates, cigar store proprie-
tor who had a close acquaintanceship
with Williams during his stay
here, identified photographs of Seaman
as being identical with the
general appearance and description
of Williams.

Did Not Work
Walter Wulff, teller at the local
bank, was shown photographs of
Seaman and said they tallied ex-
actly with the appearance of the
man he knew as Williams and to
whom he had lent the deposit box.
He said that Williams had been
plenty of money to spend and, as
far as he knew, had not lucrative
occupation here.

Detective Cantlin stated that he
had Williams under suspicion and
was about to arrest him as the New
York bank robber when Williams
was "tipped off" and left Kan-
kakee suddenly, not even stopping to
take his personal belongings from
the hotel here. Cantlin, under
oath, said that Williams and Seaman
were one and the same per-
son.

If the deposit box reveals any ex-
ceptionally large amount of money,
some of which may be identified
as having been stolen in New York,
the indemnity company will prob-
ably ask that it be turned over to
them. It will be necessary to "jim-
my" open the lock on the box as
Williams took the key with him
when he suddenly and mysteriously
disappeared. A reward is offered
for his capture.

FIRE INVADERS CHICAGO NORTHSIDE ART COLONY

Chicago, Jan. 11—(P)—A three
week old baby and two women
were rescued by a policeman and
thirty other residents of a studio
apartment building in the north
side colony fled to the street early
today when fire broke out in the
building.

Among the residents of the apart-
ment building were Graham Aldis
and his wife, Dorothy Aldis, poet
and novelist; Arthur T. Aldis and
Melville E. Stone, grandson of the
founder of the Associated Press.
Damage to the building totaled
\$5,000.

BODY OF MISSING MAN IS FOUND IN A WELL

Centerville, Iowa, Jan. 11—(P)—
The body of Arthur Newell, 55, who
disappeared from his home Thurs-
day morning during a heavy snow
storm, was found today in a well
on his farm near Unionville, Mo.
Poses had searched for him Thurs-
day yesterday and this morning.

NEW PLOWS ARE VERY EFFICIENT IN SNOW CLEANUP

Working with the two new snow
scrapers recently sent for test by the
manufacturers, the Kankakee street
department has achieved splendid
results in cleaning the streets fol-
lowing the recent snow storm. Both
plows were used, fastened to the
front end of the city trucks.

The procedure followed was to
throw the snow in a furrow at each
curb, where it would be easily shov-
eled into trucks and hauled away. So
far, Superintendent Charles Dueschle
have found the lighter plow the
most efficient of the two, and if one
is purchased, this one probably be
decided upon.

JURY DECIDES FACTORY HAND ELECTROCUTED

AUTOPSY REVEALS NO EVIDENCE
OF HEART OR
ORGANIC TROUBLES

KILLED YESTERDAY

800 Volts Passed Through Body
While Testing Machine
At Kroehler's

George MacKenzie, 600 north
Grand avenue, Bradley, died of elec-
tric shock while at work in the
Kroehler factory yesterday morning,
according to the verdict of the jury
at the inquest conducted today by
Coroner Octave J. Carter.

The jury reached its verdict after
inspecting the hemp twisting ma-
chine which MacKenzie was testing
prior to shipment. An autopsy had
been performed by Dr. J. A. Brown
and Dr. J. C. Rhoads, the latter
of the State Hospital staff. All or-
gans of the body were found normal
in every respect, including the
heart. There were no burns on the
body, but the physicians stated that
there would not necessarily have to
be burns in order for death to result
from electrocution.

Others who testified at the in-
quest were the widow, Mrs. Mary
MacKenzie; Arthur S. Mann, fac-
tory superintendent; and Edward
McFarland, 274 north Michigan
avenue, Bradley. The latter was the
deceased's assistant and was not
present when MacKenzie died. The
machine was the seventh one made
at the plant and carried 800 volts
of current.

Mr. MacKenzie was born in Dan-
ville, Illinois, August 31, 1882. The
family moved to Chicago soon after
his birth, and he grew to young
manhood in that city. When in Salt
Lake City, Utah, in 1910, he met
and married Miss Mary Larsen.
Shortly after their marriage, Mr.
and Mrs. MacKenzie moved to this
city and have lived here 18 years.
Mr. MacKenzie had been employed
as electrician at the Paramount
Knitting mill for 8 years and had
been in the employ of the Kroeh-
ler factory for 9 years.

He is survived by his wife and six
children: Edwin of Englewood, Cal-
ifornia; Marian, Edith, Shirley, Nor-
ma and Donald, all at home.

Mr. MacKenzie was a member of
the Moose lodge of Kankakee and
also a member of the Brotherhood
of Electrical Workers.

Funeral services will be held at
2 o'clock Tuesday afternoon at
the B. F. Hervey Memorial Temple,
conducted by Rev. Ingles, pastor of
the Bradley United Brethren church.
Burial will be made in Mount Grove
cemetery.

Friends may call at the home, 299
north Grand avenue, Bradley, Mon-
day afternoon and evening, and the
Hervey Memorial Temple, Tuesday.

MRS. ANN SWEENEY DIES AT HOSPITAL

Mrs. Ann Sweeney, 1779 South
Fourth avenue, a resident of Kan-
kakee for fifty five years or more,
died this morning at St. Mary's hos-
pital. Death was due to the infirm-
ities of advanced age. She was born
in Ireland in 1839.
The body is at the Rehr funeral
parlors, where it will be until Mon-
day morning, when funeral services
will be held at 9:00 o'clock at St.
Patrick's church. Burial will be made
at Mount Calvary cemetery.
Mrs. Sweeney was a widow of the
late Thomas Sweeney. Both were
well known in this vicinity.

ARMED MEN GET \$9,700 EARLY TODAY

KIDNAP THE CASHIER AND
THEN LIBERATE HIM IN
THE COUNTRY

WERE AFTER PAYROLL

Apparently Had Knowledge Of
A Heavy Payroll Fund Of
I. C. Railroad

Two armed robbers entered the
Eastern Will County State bank at
Monee this morning shortly after
it had opened, kidnaped Fred H.
Endes, assistant cashier, and escap-
ed with \$9,700 in currency. Endes
was liberated in the country about
two and one-half miles north of
Monee and allowed to return to
town.

Mr. Endes fixed the time of the
robbery about 9:15 o'clock. Two
armed men entered the bank, he
said, having left their automobile
parked in front of a hotel next
door. Besides himself, there were
two people in the bank: Miss Alice
Smith, an employee, and William
Blithel, a customer.

These three people were taken in-
to a back room by one of the rob-
bers, at the point of a gun, and
held there while the other robber
methodically went through the cash
drawers and safe, taking the \$9,700
in currency, gold, and silver. They
took the bonds.

After finishing their work, the
robbers forced Mr. Endes to accom-
pany them to their car, a Buick or
Ford four-passenger sedan, light
gray in color. They then took him
out to the country and abandoned him.

One of the robbers, according to
Mr. Endes, was tall and slender and
apparently about 35 years of age.
He wore a dark brown overcoat and
a soft felt hat, light in color. The
second man appeared to be about
35 years of age, was short, and wore
a gray overcoat and a soft felt hat.
No money was taken from the
three persons who were in the bank,
and no attempt was made to harm
them, other than a warning to do
as they were told.

Bank officials believe that the
robbers were drawn to this particu-
lar bank with the knowledge that a
payroll of the Illinois Central rail-
road was being handled

SIX COUNTIES TO HAVE FARM MEETING HERE

COLLIER ANNOUNCES GATHERING SPONSORED BY STATE UNIVERSITY

Each Township Will Send Representative: Not Open To The Public

Six counties will participate in a great farm economic conference to be sponsored by the University of Illinois in the Boll and Crop Association at the University of Illinois, Tuesday, Feb. 4. Announcement of the conference was made today by John S. Collier, county farm adviser.

The counties which will participate in the meeting are Kankakee, Adams, Grundy, Ford and Livingston. Five agricultural experts will be sent here by the university to advise on the various problems of the various townships in the counties named regarding soil, poultry, hog, dairy cattle, etc., to that accurate agricultural forecasts may be made for this territory each year.

About 400 farmers are expected at the meetings. The general public is not invited as there will be about 140 speakers from the various townships as delegates through the day.

Charles M. Stewart, who made the announcement, said that the conditions in this region at last winter's conference will be among the worst ever experienced in the Midwest. It is expected that the winter is regarded as the Roger Nelson of agriculture.

The following are the chairman of the various townships: Adams, J. W. Vaght; Grundy, J. W. Vaght; Livingston, J. W. Vaght; Ford, J. W. Vaght; Kankakee, J. W. Vaght; Boll, J. W. Vaght.

night is doubly interesting to anyone who watches the Little Nineteen Conference progress, because both Millikin and Vindicator are to meet the fear of being "left out of the team" within the next ten days. Millikin on Tuesday, January fourteenth, and Vindicator a week from tonight, on Saturday the eighteenth.

From the result of this tilt, one is led to believe that the future of the County game will be on Victor. And the big game of the Bloomington area is the Victor-Bloomington tilt over the Bloomingtonian nipes out every black mark on the Victor's record. The Victor has lost. Almost half the school is already planning to journey to Bloomington to see the Victor-Bloomington contest so rich is the interest in the team. When Wesleyan plays here, the Victor-Bloomington tilt seems to move north in a body for the game, and every roster helps to swell the crowd. The Victor has won times. We have picked a winner, so let help them keep on winning. We have a team that is doing well with all their following. Now we'll invade the enemy camp and show them that we are not to be trifled with when it comes it. The squad has another team to take into camp and that is the Bloomington team. The Charleston Teachers' start the new year right by helping the boys out with a game every year. The team that is shown in them, and what better way can they pick to return to the Bloomington team. They are to themselves and to their rosters.

As usual, tickets for the game are on sale. The tickets are on sale at the store. Three-fourths of the reserved seats were sold at the Millikan game. The tickets for the game are on sale ahead of time if one hesitates before

COLLEGE BAND MAKES INITIAL APPEARANCE

A mere six weeks ago, Ft. McGuire, president of St. Viator college, organized a school band, and under the tutelage of the able Mr. Britten of Chicago, they have progressed to the point of making a public appearance. Spectators at the basketball game between St. Viator and Millikin university Friday night were much surprised to hear the thrilling

sounds of trumpet and drum during the intermissions of the contest. The rapid and rhythmic beat of the music seemed to give the entire crowd the well known vim, vigor, and vitality, and some credit is certainly due the band for helping the freshmen to win their game. Although composed of less than twenty pieces, the organization put their first public attempt over with a bang. Several different numbers were played, including both regular band selections, and popular music. We say "bravo" for this latest Viator project.

Velocity in Falling

Actual experiments conducted by the Army Air corps have demonstrated the fact that an object falling from an altitude never attains a velocity greater than 118 miles per hour. This velocity is reached within a period of 11 seconds and after falling 1,200 feet in quiet air. The acceleration of a falling body is progressive. It is 16 feet the first second, 48 feet the second second, 80 feet the third second, and so on.
